

PRAKASH KUMAR

Full Stack Software Engineer | Java • React • AI Integration
prakashkr2894@gmail.com • +91 9934202241 • Noida • [GitHub](#) • [LinkedIn](#) • [Portfolio](#)

PROFESSIONAL SUMMARY

Full Stack Developer and Recent Computer Science & Engineering Graduate (B.Tech, 2022–2026) with hands-on experience building and deploying scalable web applications. Proficient in Java, Spring Boot, React.js, Node.js, REST APIs, and SQL/NoSQL databases. Skilled in responsive UI design, secure authentication, performance optimization, and end-to-end feature development. Knowledge of DevOps tools including Docker, Kubernetes, CI/CD pipelines, cloud deployment, Git, and Agile practices.

TECHNICAL SKILLS

Languages	Java, JavaScript
Frontend	React.js, Next.js, HTML5, CSS3, Tailwind CSS
Backend & Databases	Spring Boot, Spring Security, OAuth2, JWT, Node.js, Express.js, FastAPI, REST APIs, Microservices, MySQL, MongoDB
AI / LLM	Agentic AI, Prompt Engineering, RAG, LLM, LangChain, Voice-to-Action Agents
DevOps / Cloud & Tools	Docker, Kubernetes, GitHub Actions, AWS, Nginx, PM2, Ubuntu VPS, Git, Jira, Postman, Razorpay, Brevo SMTP

PROFESSIONAL EXPERIENCE

- Virtual Intern, Web & Mobile Development** | IBM PBEL (SkillsNetwork) [\[Certificate\]](#) Jul 2025 – Aug 2025 • Remote
 - Completed an IBM-certified virtual internship covering backend API design, RESTful service architecture, and mobile integration patterns.
 - Gained hands-on exposure to industry-standard development workflows and enterprise-level backend architecture principles aligned with scalable Java-based systems.
- Software Developer Intern** | Agrasar Consultancy Services Nov 2024 – May 2025 • Remote
 - Built responsive, reusable UI components in React.js for a full-stack ERP platform used by coaching institutes, integrating REST APIs to display and manage student, staff, and admin data in real time.
 - Implemented role-based UI views and protected routes for 3 user roles (Admin, Staff, Student), improving navigation clarity and cutting onboarding time by ~40% vs. the prior manual workflow.
 - Collaborated with the backend team on JWT-based authentication and session handling, while using Git for version control and Jira for sprint planning and task tracking within a 4-member team.

PROJECTS

- TickZen – AI-Powered Multi-Tenant Task Management SaaS** [\[GitHub\]](#) [\[Live\]](#)
React.js • Node.js • FastAPI • MongoDB • AssemblyAI • OpenRouter API • Docker • GitHub Actions
 - Designed and launched a production-grade multi-tenant SaaS featuring Kanban boards, multi-role access (Admin/Developer), OTP signup via Brevo, and Razorpay payment integration.
 - Developed ZentriXA—an embedded voice-to-action AI agent—transcribing speech via AssemblyAI, routing intent through an LLM, and executing real CRUD operations with no manual clicks.
 - Containerised the full stack with Docker and automated build-deploy via GitHub Actions CI/CD; reduced release cycles from manual to sub-5-minute deployments.
- MedTrackFit – Health Recovery SaaS Platform** [\[GitHub\]](#) [\[Live\]](#)
Spring Boot • Spring Security • OAuth2 • JWT • MySQL • Kubernetes • Istio • GitHub Actions
 - Architected a 4-role access system (Patient, Recovered User, Mentor, Doctor) with Spring Security and OAuth2; developed 15+ REST APIs for health tracking, messaging, and mentorship scheduling.
 - Deployed via full CI/CD pipeline with Kubernetes orchestration, Istio service mesh (mTLS + traffic management), and Nginx reverse proxy on Ubuntu VPS with zero-downtime uptime.
- VARTALAP – Real-Time Chat Application** [\[GitHub\]](#) [\[Live\]](#)
Node.js • Socket.IO • React.js • MongoDB • Docker
 - Built a real-time bidirectional chat app using Socket.IO with persistent MongoDB message storage, user authentication, and full Docker containerisation for reproducible deployment.

EDUCATION

- B.Tech – Computer Science & Engineering** 2022 – 2026
Dronacharya Group of Institutions, Greater Noida (AKTU) | CGPA: 7.2 / 10
- Class XII (CBSE)** 2021
DAV Cantt Area CRRC, Gaya | 88%
- Class X (CBSE)** 2019
DAV Medical Unit CRRC, Gaya | 81%

CERTIFICATIONS

- [Innovation, Design & Entrepreneurship Bootcamp](#) (By – AICTE, Showcased startup in Top 10)
- [Google Cloud Skills Boost](#) (10+ Skill Badges, Arcade Level 3 – Gold League)
- [Python Programming](#) (GUVI / HCL)
- [Data Science Fundamentals](#) (Cisco / Credly)
